

The Phang Nga Cornerstone Center also offers a two-story complex with two separate air-conditioned dorm rooms and shared

lounge area. Each dorm room can be outfitted with up to four bunk beds and has ample private bathroom facilities. The lounge area is perfect for group activities, socializing or unwinding after a long day.

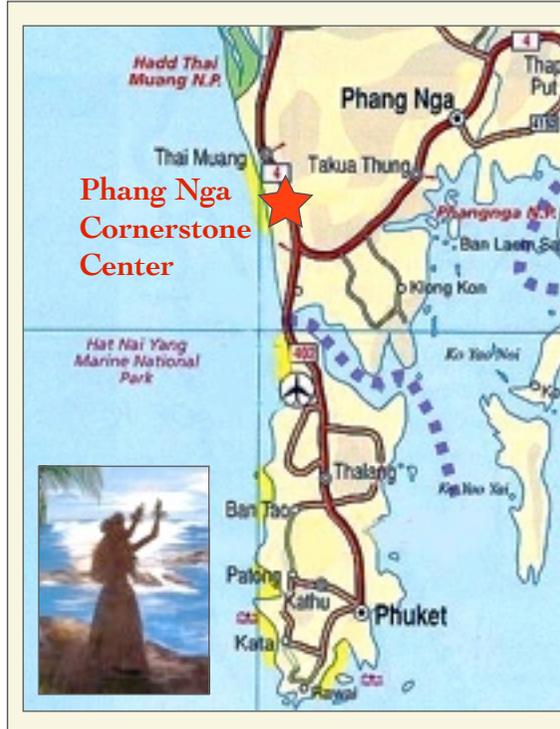

A conference room facility completes the bottom floor. It is available if you need a large space for meetings, training sessions or conducting classes. The room is furnished with tables, chairs and wireless internet access and has its own private bathroom.

The top floor of the complex houses our coffee shop, A Cup of Joy Cafe, which provides a relaxing atmosphere in a Christ-centered environment. The

taste of our fresh-baked treats, coffee drinks or fruit smoothies will awaken your senses as you soak in the ambiance in air-conditioned comfort. The coffee shop not only serves as a refuge from the heat and humidity, but also helps raise support

for the Phang Nga Church and its various ministries and helps build relationships within the community.
