

# Phang Nga Church News

Church Planting In Southern Thailand

March 2008

## CMC IS NOW OPENED !!!

After working hard to finish the ground floor, the rooms are finally ready for outreach teams and summer English classes.

*Praise God ! Finally all the rooms are ready to use for outreach team and classes. Thank you so much for your prayers. We are so glad and thankful for what God is doing here.*

### Language Center

We are now using our new CMC classroom for a Summer English Course for primary students in Bangklee. Twenty students are enrolled in this course that began March 25th and continues until May 8th. What a great start for our English Language Teaching ministry in Bangklee. We plan to offer more courses as we build relationships with the Muslim and Buddhist community members. Please pray for this ministry outreach and for our PNC staff.

We just finished the last English class in Phang Nga and will resume with classes when the new school semester starts in May.

### Outreach Team

We are currently hosting an outreach team from Canada. They are helping us with the English classes and English camps at Nairai and Loompinee school. They will also evangelize at the women's prison and at a park. We appreciate their hearts for Thai people. Please pray that God will keep them healthy and for a safe trip back home.

### Coming up .....

We have a Summer English Course until the second week of this month. During the third week, our staff will return to their hometowns to visit family and friends. Our Summer English Course will resume during the fourth week.

We hope you're doing great. Thank you so much for keeping us in your hearts and prayers. May God keep you healthy :D

*With love in Christ,*

*PNC Staffs*
