PNG NEWS

Coming Up
Next Month...
Outreach Team From
Kauai and Kona

Growing in the word and reaching out to serve.

“YOUR HARVEST WILL BE FULL ...”

In addition to our English language classes, we have also shared the Good News to hundreds of people in Phang Nga with Outreach Team. We are also facing spiritual warfare, but with God’s help, nothing can stop us!

Cornerstone Community Center

Minor repairs were made to the staff house roof and coffee shop due to damage from Cyclone Nagis. Thank you so much for your prayers. We have finished building the foundation for the outdoor restroom and will keep you updated with further developments.

Language Center

The English Summer Course ended in early May and we are preparing for the next program so that we may continue building relationships. The kids have become our good friends. Praise God for those connections. English clubs at four local schools will start in June. Please keep five of our students in your prayers.

Reaching out to serve

Praise God for the DTS Orlando, Florida team and their ministry here. We pioneered some new outreach strategies by evangelizing at the Phang Nga Market and Night Market. Many people heard about the gospel through testimonies, drama and skits. Because of the weather, we’ve had to really trust God’s timing when we evangelize outdoors!

All we can say is God is so good and faithful. Thanks for keeping us in your prayers. We will do our best here.

With Love in Christ,
PNG STAFFS

We evangelized at the Phang Nga Market, Night Market and schools. We had a great time reaching out to people and grew a lot in our faith.
