

PNG NEWS

A friend is someone who laughs at your jokes when they're not very funny and sympathizes with your problems when they're not very serious.

HEY! JESUS LOVES ME

We have learned more of God's love through the times of sharing with and serving each other. This month was a good month to see His Kingdom expand ...

Church Planting

Thank you so much for reading all our news and keeping us in your prayers. As now the church ministries continue to grow, we are all very excited, but tired as well. Since the coffee shop has opened we've been adjusting our new roles and trying to find some balance in our schedule. Please keep us in your prayers.

Youth group : Jaime Yui and Yoi have been training the youth group. The group is doing well and some members have started to use their musical gifts on the worship team. We are preparing for our outreach next year. We are still in need of financial support, so please keep us in your prayers.

Outreach Team

Thank you Kalaheo Misioinary Church for sending the youth team to help us. We did English camps and got the coffee shop started. We were so impressed with their serving hearts of love.

Welcome our new volunteer!

Praise God that now we have Yoi who is helping us in the kitchen now that Pastor Benz is working at the coffee shop. Yoi used to be a member in our youth back when the church first started. After graduating her Master Degree in Chemistry, she returned to her hometown of Phang Nga. We get to have a family member back. She is a nice and fun person. Please keep her in your love and prayers.

A Cup Of Joy is now open!

Thank you so much for all your prayer for this ministry. We really have a great time with our customers. Praise God that through this ministry we can share His love with others.

With love in Christ,
PHANG NGA CHURCH
