THE JOURNAL OF 2010

Sa wad dee Everyone! We hope all of you're doing great and having a great time celebrating Christmas and New Year. The Phang Nga Church is doing very well. We have passed through good times and difficult times but all became great experiences and inspirations for us to keep moving forward for the day

that Christ will return. We would like to thank you so much for walking along with us and supporting us with prayers, outreach teams, finance, visiting, etc. We would like you to know how much we appreciate and feel so blessed serving the Lord with all of you. Also to continue all great things that

are soon to come. So we wish you with all the best!

May God keep you and your family healthy and cheerful. May God's will become true in your lives. May you be filled with the Holy Spirit, love, hope and joy in your everyday life.

*With love in Christ,
Phang Nga Church*
