

OUR FOCUS IN 2011

CHURCH

Growing in the word and reaching out to serve is still the goal of our discipleship. We're looking forward to seeing more outreach opportunities for the members to do together as now we have group activities every Sunday afternoon.

ENGLISH CLASSES

After 2 years we have more than 50 students in the classes, and they have heard the Gospel. Five students have become Christians through this ministry. Now the classes have stopped as Jaime, the head of the English ministry, is taking Bible school in Montana. We would love to continue the classes in the future and also we are praying for the volunteers who have passion to see people get saved through this ministry.

PCC, The Training Center

The guesthouse and the coffee shop now are running to support the church. We are so

blessed having Erin Koshi, a missionary from Hawaii, spending his 2 years setting up the coffee shop and the guesthouse for us. The goal to see PCC be as a training center is getting closer and closer. We have started the new building which upstairs will be the Conference room, and downstairs will be a dance studio. We hope to finish it this year. The KMC (Kalaheo Missionary Church) Team has been helping us now to finish this project. Please keep all of us in your prayers.

Quality Kids Ministry

We have just opened the new outdoor Kids Ministry at Jaime's mother's house. Every Saturday afternoon, we have activities with the kids. It's a new community place for fellowship run by the youth group from church.

OUTREACH OPPORTUNITIES

Now we're ready to take the teams to be a part of ministry around Phang Nga as we are partnering with many churches to reach the community together. Our goal is to see people get saved and attend church in their own areas. PCC is ready for 30 people to stay and enjoy your outreach time in Southern Thailand.

WE WOULD LIKE TO SEE PCC BE THE TRAINING CENTER FOR CHRISTIANS AROUND THE WORLD.
